

A Note for You

We wanted to take a moment and connect with you directly as the Coronavirus (COVID-19) continues to impact our communities, clients and staff.

The well being and safety of our customers and our associates is our top priority and will always be at the heart of every decision we make. We are dedicated to actively keeping our associates updated on preventive practices.

As this unfolds, we will all be making adjustments to the way we live and work. We are committed to making it easy and safe for you to get your projects however you feel most comfortable. As always we will continue with our free pick and delivery.

I know many of us are worried how the next couple of months will impact our businesses, we are here to help. We are here to partner with you in creating a marketing plan to stay in contact with your clients thru direct mail campaigns, email campaigns, whatever will be most effective to get your message out there letting clients know we are all here to help serve them.

I have heard suggestions such as buying gift certificates from restaurants for later use or not requesting refunds if a play or local concert is cancelled, look at it as a donation.

This time is more important than ever to BUY LOCAL! We believe in this so much that I'm a board member of Local First. What can we do to help support you and your business?

Please know that Todd, I and our entire team are here to help and serve you. Feel free to reach out to us ANYtime.

Thank you and stay well.-Miskey
